

***HORRY COUNTY DEMOCRATS BELIEVE IN.....
GUN SENSE ACTIONS TO KEEP MYRTLE BEACH FAMILY
FRIENDLY***

WE BELIEVE:

- *All firearms sales should require a thorough background check with adequate time to be completed as well as prevention of firearm sales to felons and terrorists.*
- *In supporting the proposed “red flag” legislation, which will allow judges to assess whether an offender is a risk to public safety or, in the cases of domestic violence, to their spouse or partner.*
- *Civilian ownership of military style firearms and large capacity magazines should be prohibited.*
- *Red flag laws should be enacted to allow a court to restrict and remove ownership of firearms from individuals who pose a threat to public safety or themselves.*
- *The safe storage of firearms and ammunition should be mandated.*

WHY IT MATTERS: *The Myrtle Beach area has thrived as a Family Friendly vacation location. Recent gun crimes and violence have driven away visitors and negatively impacted all the residents in the Grand Strand area by replacing the family friendly atmosphere with a public vision of crime and danger. Allowing and/or encouraging unchecked gun sales by way of gun shops, private sales, and gun shows invites crimes and indiscriminate gun violence in the Grand Strand area.*

THE REPUBLICAN PLATFORM

- *Encourages gun ownership and open carry of handguns by everyone, and challenges the federal law requiring background checks, and the 3- day time period requirement.*
- *Supports private sales, internet and gun show sales which require no background checks and delivers a firearm immediately to an unknown purchaser.*

LINDSEY GRAHAM SAYS: “Most Americans support background checks, The Second Amendment’s important to me, but it’s not a suicide pact.”

Source: State Newspaper by Emma Dumain April 15, 2019

TIM RICE SAYS: “This is a question of fundamental constitutional rights..the rights of the people to keep and bare arms shall not be infringed. Those four words “shall not be infringed” are clear to me.

***THE REPUBLICAN WAY IS THE WRONG WAY
IT’S TIME TO TAKE A STAND FOR SOUTH CAROLINA
AND THE MYRTLE BEACH AREA***
